

Contribution ID: 327

Type: Oral Presentation

W3 Advanced advancements in instrumentation and control, data acquisition systems, and data management to support the design, licensing, and operation of nuclear modular reactors and small modular reactors

Monday, June 9, 2025 2:00 PM (45 minutes)

Primary author: PORTILLO, John (Paragon Energy Solutions, US)

Presenter: PORTILLO, John (Paragon Energy Solutions, US)

Session Classification: Workshop N°3: High-performance data acquisition systems for nuclear applications (fission, fusion, dismantling, safety and safeguards, ...)
