

Contribution ID: 328

Type: Oral Presentation

W3 Hybrid FPGA HDL / MARTe2 software framework approach for data acquisition and real time control in fusion devices

Monday, June 9, 2025 2:45 PM (45 minutes)

Primary author: CARVALHO, Bernardo (Instituto de Plasmas e Fusão Nuclear, Instituto Superior Técnico, Universidade de -Lisboa, Portugal)

Presenter: CARVALHO, Bernardo (Instituto de Plasmas e Fusão Nuclear, Instituto Superior Técnico, Universidade de -Lisboa, Portugal)

Session Classification: Workshop N°3: High-performance data acquisition systems for nuclear applications (fission, fusion, dismantling, safety and safeguards, ...)
